

AROMY

is...

respect for nature, our land
and its resources;

sustainable transformation that combines
quality, health and taste;

innovative, great quality, 100% natural
and healthy products;

full control of the production chain:
from field to end product.

VEGETABLES GROWN AND PROCESSED EXCLUSIVELY IN ITALY

Our company specializes in the production and low temperature dehydration of **organic** and **conventional** vegetables.

WHOLESALE PRODUCTS

We supply small and large quantities of ALL NATURAL dehydrated vegetables in bulk (in pieces or powder) both from organic and conventional agriculture.

Moreover, we produce and distribute our own brand of retail products

GUSTO

Ready-to-cook dehydrated vegetables, both organic and with Protected Geographic Indication, for easy and quick recipes.

TISANE DELL'ORTO

Organic teas made from vegetables rich in beneficial and health properties.

FILTRI MAGICI

A new line of organic vegetable broths and fruit teas for babies, developed to make them love fruit and vegetables starting from the first months of life.
